Pick:
• Choose apples that are firm with no bruises or soft spots.
• Color may vary depending on variety - it is not an indicator of ripeness.
• Depending on variety, apples can be sweet, tart or in between!

Store:
• Apples can be stored at room temperature for a few days or in a plastic bag in the refrigerator for a few weeks.

Prepare:
• Wash before eating; for the best nutritional value leave the skin on!
• To prevent browning, dip sliced apples in a mixture of lemon juice and water.
