

Thank you for walking a child to school!

Here's some ways you can help today!

- Remind kids to stay off the grass and not run ahead of the group.
- Help the leader keep the group together when crossing the street.
- Help hand out tokens, chains, stickers, punch cards, snacks, etc.

Remind kids what it means to be a safe pedestrian by talking about these safe habits!

Q: Which way should you look before crossing the street? A: Both ways! Look Left, Right, then Left again before crossing a street.

Q: Where is the safest place to cross a street? A: At a corner, in a crosswalk, and/or with a light. Avoid crossing between parked cars. Walk, don't run across a street.

Q: Even when walking on the sidewalk, what should pedestrians be watching for? A: Cars backing out of driveways, bicycles or scooters on the sidewalk, and other pedestrians.

Q: Where is the safest place to walk? A: On a sidewalk if there is one. If not, walk on the side so you are facing traffic.

Q: What else can you do to be a safe pedestrian? A: Wear bright colors, carry a flashlight, walk with a friend, etc.
